

Gracefields Nursing Home

Gracefields is a purpose built home that occupies a prime position in Downend. The name Gracefields is attributed to the cricketing legend and former England captain W.G. Grace; he was born and lived in the house next door. Located in the bustling town centre, the home has stimulating views. Our residents also enjoy the convenience of a variety of local shops, pubs, salons and restaurants, as well as the surrounding community at their doorstep. The home is easily accessed by major roads and bus routes.

The cheerful and homely décor includes themed pictures to prompt reminiscence and conversation; special signage enables our

Residents to know where they are and find their way around.

The grounds include an attractive terraced landscape and a secluded sensory garden. Planted with evergreens and delightful seasonal flowers and plants, the gardens provide a secure and pleasant retreat for our Residents.

At Gracefields, as at all the Cedar Care Homes, you'll be part of a happy and stimulating household, where our standard of care improves the quality of life for everyone – adding life to years.

We look forward to welcoming you.

Accommodation

Gracefields is a 50 bedded home which operates as two self-contained wings so that care and support can be focused to meet the varying needs of the people living in the home.

Marylebone Wing

(27 bedrooms)

There are two lounge / dining rooms with easy access to the landscaped garden from the lounge. The bedrooms in Garden Suite open to private patios with direct access to the grounds along an attractive pathway bordering the terraced garden.

Lords Wing

(23 bedrooms)

There is a spacious open plan lounge and dining room with windows facing the main street. In addition, there is a sensory room and consultation suite; the top floor has cozy little sitting room. Most bedrooms have stimulating views of the bustling town centre or the lovely landscaped gardens below.

All bedrooms are: single occupancy, en-suite with shower, equipped with call bells, door sensors and motion sensors. They are fully furnished to a high standard including wall mounted flat screen TV and personal telephone.
